

Vegans Explore x Miami Dolphins

Opening Day Activation — September 27, 2025

THE GOAL

One Game. One Year of Data. Then More.

We are not coming in for a single night. The goal is to build a relationship — have a strong first outing, demonstrate what this new era of Vegans Explore can deliver, and then regroup. Gather the data. Sit down together. Figure out what a year-round collaboration looks like. This activation is how that conversation starts.

WHAT WE ARE ASKING FOR

- Event space for the plant-based game night activation on September 27
- Introduction to the F&B; partner for sampling coordination (30 minutes)
- Co-branding rights to promote this as a Miami Dolphins partnership event
- Partnership team introduction to finalize activation structure and vendor approvals

WHAT THE DOLPHINS RECEIVE

- F&B; consultation: plant-based menu built from existing sourced inventory — no new purchasing required
- Three-month promotion campaign across social, email, app, paid ads, influencers, and in-person events
- Full market research report delivered within 48 hours post-event
- National community promotion across 8 city markets at global platform launch scale (July 13)

TRACK RECORD

Miami HEAT / 2021	Miami Dolphins / 2021
South Florida's first Vegan sports arena event. Sold out ticket allotment, packed the arena, got skybox access. That night led to Full Bloom becoming a permanent Kaseya Center vendor.	Our first Dolphins game day. Ran a focused pilot, sold the allotment, and learned exactly how Hard Rock Stadium operates. Deposit is still on file. We never walked away.

WHAT WE BRING NOW (2025 vs. 2021)

5+ Y
ears

Market Knowledge Over five years of relationships and two real sports arena activations.

Full

Media In-House LESARUSS Media produces campaigns and content entirely in-house at scale.

Live

Platform — July 13 Global Vegan platform with directory, events, community, and app launches July 13.

10yr

Network A decade of relationships within the plant-based and wellness community worldwide.

VENDOR TICKET MODEL

Each vendor receives a ticket allotment as part of their participation fee. This drives group sales, fills the room with their audience, and adds immediate value to the deal. Sponsorship collaboration is layered on top — opening the door for co-branded activations and shared promotional reach.

ON NONPROFIT STRUCTURE

Vegans Explore is in the process of securing 501(c)(3) nonprofit status, expected by September 27. Any Dolphins organization contribution can be structured as a tax-deductible charitable donation. Established nonprofit partners are available to process on our behalf if still pending at time of agreement.
